The lifestyle you dream of...

Raber Patio Enclosures was founded in 1987 by Ervin Raber. Home of the famous EZE-Breeze® Windows, Raber's is an industry leader in providing quality windows and patio enclosures for homeowners in Michiana.

Raber's knowledge of home construction, combined with his exclusive distribution rights for NatureScape Enclosures, a nationwide leader in vinyl enclosed systems, has given this area a unique approach to quality, custom-built, enclosures.

Blending the skills of country craftsmen and a commitment to providing the customer the very best in installation and service, Raber Patio Enclosure's quality makes the addition of a patio enclosure both enhancing and rewarding.

...brought to life at Raber Patio Enclosures.
